STUDENT CHAPTER

Due to the increased growth in solar energy sector – in INDIA alone there is a requirement of 20000 engineers for jobs in solar energy industries, in the next year. The knowledge comes through education and practice and that is why MGR had chosen to create small groups of interested students in each of the institution. These groups called - “Student Chapter of MGR” will be trained on the Global Study on Solar Energy, Importance of the usage of Solar Energy, Practical training on Marketing, Installations , Maintenance and Servicing the Solar products. The Student Chapter in return will conduct various awareness programmes in their nearby locality and spread this message to the society also will identify some deserving Students community and help them for their study by providing the Solar Lanterns.

Opportunities to the Students

- a) To get trained on Renewable Energy from the Leaders of the industry with Global Information.
- b) To gain hands on training on Marketing, Installing, Maintaining and Servicing of Solar Energy products.
- c) To get regular global updates on Renewable Energy.
- d) To get exposure with the society in carrying the message of Benefits of Renewable Energy.
- e) To be a preferred candidate and get Job Opportunities in Solar Energy segment world wide.

Movement for Green Revolution will conduct and monitor the following activities every year in each of the institution :

- i) Will create a Student Chapter in each of the institution
- ii) Will conduct periodical Seminars and Workshops
- iii) Will guide the Student Chapter in conducting awareness programme on Renewable Energy
- iv) Will guide the Student Chapter to conduct Market survey to find the list of deserving school going Students who requires Solar Lantern for their uninterrupted studies.
- v) Will guide the Student Chapter to raise the funds to donate the required Solar Lanterns to the deserving public.
- vi) Will appraise the performance of each Student Chapter and issue certificate to the Best Performing Student Chapter.

Job Opportunities :

Tamilnadu has already announced to install 3000 MW Solar Power Plant in next 5 years. Each MW of Plant requires minimum of 5 maintenance engineers. Therefore 15000 engineers are required in next 5 years in Tamilnadu itself for these implementations..

Similar Solar Policies is being announced by almost all the State Governments in India. Consumer market for Solar Energy is quickly growing as other FMCG market and it requires 10,000 Marketing Executives in next 3 years.

The overall job opportunities in Solar Field in next five years is going to be 50,000 for the students in any discipline. Thus this Student Chapter will impart the knowledge of Solar Energy with invaluable field level exposure to the students to be a preferred candidate in this industry. MGR has also tied up with many solar companies to recruit trained manpower for them and provide job oriented training programmes.

Benefits to the Institution :

Today the knowledge of Renewable Energy has to be imparted to the Students which not only aids them for their career opportunity but also helps them in building a dependable Clean Environment to live. Currently in India there are only few recognized institutions that have people with hands on experience in this field and Movement for Green Revolution has engaged many experts with decades of experience in Renewable Energy.

- Offering a dedicated practical study on Solar Energy to the Students.
- Ensuring the best Job Opportunity in Solar Field to their Students.
- Producing resourceful Students in Solar Energy.
- Showcasing their interest on Green Energy to the Society.
- Free Consultancy from experts in installing various Solar Energy and Other Energy Sources.

Procedures to Enrol and Create Student Chapter

A cheque for Rs. 21,236/- in favour of “**Movement for Green Revolution**” has to be sent along with the duly filled up Application and draft MoU countersigned. The original MoU will be signed subsequently.

Registration Fee : Rs. 10,000/- (One time).

Annual Fee : Rs. 10,000/- + 12.36 % service tax .
